## Registration

Registration fees for EM-NANO 2019 are listed below. Additional payment is necessary for attending the banquet on **June 20**. The registration form will be found at the EM-NANO 2019 website. We can accept major credit cards (VISA, MasterCard, etc.).

### Registration fees:

	By May 15, 2019	After May 15, 2019
<b>Active participant</b>	40,000 Yen	45,000 Yen
<b>Student</b>	15,000 Yen	20,000 Yen

### Banquet fees:

	Pre-registration	On-site registration
<b>Active participant</b>	5,000 Yen	6,000 Yen
<b>Student</b>	2,000 Yen	3,000 Yen
<b>Accompanying person</b>	3,000 Yen	5,000 Yen

## Call For Papers

# EM-NANO 2019

The 7<sup>th</sup> International Symposium on  
Organic and Inorganic Electronic  
Materials and Related Nanotechnologies

June 19-22, 2019  
AICS, Shinshu University  
Nagano, JAPAN

Sponsored by  
The Japan Society of Applied Physics

Administrated by  
Hokuriku/Shin-etsu Chapter of  
The Japan Society of Applied Physics

<http://hashi.shinshu-u.ac.jp/emnano/emnano2019.html>

## Invitation

EM-NANO 2019 on topic of “Organic and Inorganic Electronic Materials and Related Nanotechnologies” will be held in Nagano City, Japan, which is located at the center (Hokuriku/Shin-etsu region) of Japan. Nagano City where the Winter Olympic was held in 1998, the capital of Nagano Prefecture, is surrounded by verdant mountains and beautiful nature. It is a city where the beauty of all four seasons and abundant Japanese food culture can be easily found. All of you are sincerely invited to join this exciting meeting of EM-NANO 2019 on June 19-22. We are looking forward to meeting you at AICS of Shinshu University in Nagano, Japan.

## Meeting Venue

EM-NANO 2019 will be held at the Global Aqua Innovation Center (AICS) of Shinshu University [Nagano (Engineering) Campus] in Nagano City. The meeting venue is located at 1.3 km from the Eastern Exit of Japan Railway (JR) Nagano Station.

## Conference Scope

This conference is intended to have a strong strategy providing a forum for discussing all related subjects on organic and inorganic materials and nanotechnologies for electronics. To promote mutual understanding and synergistic interactions among people in different materials, devices and device integration fields, some of special sessions are organized in EM-NANO 2019. These special sessions are aimed not only to reflect the most recent advances but to strengthen specific technology or joint technologies in the field of organic and inorganic electronics. The scope of EM-NANO 2019 is listed below.

### A. Organic Materials and Devices for Electronics

(Fabrication of organic thin films, Electrical and optical properties of organic thin films, Organic devices, Organic-inorganic composites, and hybrid systems, Characterization techniques, etc.)

### B. Inorganic Materials and Devices for Electronics

(Fabrication of inorganic thin films, Electrical, optical, and magnetic properties of inorganic films, Inorganic devices, Characterization techniques, etc.)

### C. Nanotechnologies for Electronics

(Advanced low dimensional nano materials and their applications, Electrical, optical, and magnetic measurement techniques, Near-field nanotechnologies, Nano-processing and characterization technologies, etc.)

### S. Special Sessions

(Photovoltaics, Energy harvesting/ Battery-related technology and materials, Wide-gap materials and devices, Advanced oxide materials and their applications, etc.)

## Language

The official language of the meeting is English. All printed materials will appear in English.

## Submission of Abstracts

Prospective authors must submit a one-page abstract (A4-format) to the EM-NANO 2019 website by **March 6, 2019**. The one-page abstract must be prepared in English and submitted as a PDF file. The abstract must include the title of the paper, author(s), affiliation(s), address(es), e-mail address, and article text with all figures and tables. Authors of accepted papers will be notified by e-mail by April 30, 2019. The form of the abstract will be found in the EM-NANO 2019 website.

## Submission to Special Issue of JJAP

All the presenting authors at EM-NANO2019 are encouraged to submit the manuscript to the special issue of Japanese Journal of Applied Physics (JJAP). The deadline of manuscript submission is set by the end of the meeting (**June 22, 2019**). More information about the manuscript preparation will be announced on the EM-NANO 2019 website.
